The **South Asian Association of Pediatric Dentistry** is ardently devoted towards children's oral health care across the continent. An embodiment of constructive thinking specifically directed towards developing new methodologies while optimizing the use of traditional concepts aimed at building a future essentially free of oral ailments in children. In 2022, SAAPD marked a new milestone in its journey with its entry into the NGO branch United Nations. It has been granted *Special Consultative Status by the Economic and Social Council (ECOSOC) of the United Nations*.

On behalf of the organizing committee, it is our pleasure to extend a warm welcome to all of you for the upcoming 4th International congress of South Asian Association of Pediatric Dentistry to be held on from **Feb 9-11, 2024**, at Ramoji Film City Hyderabad, Telangana, India.

Our distinguished keynote speakers, expert panelists, and presenters will share their cutting-edge research, innovative ideas, and real-world experiences during engaging plenary sessions, interactive workshops, and enlightening technical sessions.

The 4th International congress of South Asian Association of Pediatric Dentistry will also feature a vibrant poster session, showcasing the latest research findings, and an exciting exhibition where leading organizations will display their latest technologies, products, and services related to Equitable Oral Health for All Kids

We look forward to welcoming you all to the 4th International congress of South Asian Association of Pediatric Dentistry at the southern part of India and together creating a memorable and impactful conference experience. Join us in this exciting journey as we collectively strive to advance the frontiers of knowledge and innovation in Equitable Oral Health for All Kids
